Dear Shareholder

I am glad to present this 2018 Annual Report for Accent Resources NL.

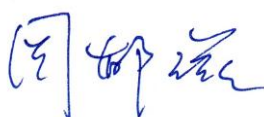

Due to unfavourable iron ore benchmark prices advanced studies on our flagship Magnetite Range Project were limited during the year. Some diamond drilling was organized for a better understanding of metallurgical and geological aspects. A program of core sample transfer to fenced land in the light industrial zone in Perenjori is in progress providing a safer venue for sample storage. The company regards Magnetite Range Project as a core asset and will continue to seek ways of progressing development when the market becomes more favourable in the future.

The Company has continued to assess the Norseman and Meekatharra Gold projects. Although current gold resources are unlikely to support a standalone operation they represent the opportunity for either a development joint venture or toll processing with local operators. The company is planning exploration at both the Norseman and Meekatharra Gold projects from late 2018 after a technical review of the previous resource and geological interpretations.

In order to grow the company Accent Resources invested in MZI Resources Ltd which is a new heavy mineral sands producer in Western Australia. We have been keeping close contact with MZI to understand their operations and have confidence in its Keysbrook project throughput implementation from 4.75mt to 5.25mt per annum. The processing optimization both at Keysbrook and Picton is in progress. The demand for heavy mineral sands worldwide remains high and the prices trended up in 2018.

We have investigated other projects in recent years but they did not satisfy the outcome desired mainly due to the uncertainty of project sustainability. Our major shareholders, Xingang Resources (HK) Limited and Rich Mark Development (Group) Pty. Ltd, continue to provide financial support to Accent Resources operations and we will keep assessing new project opportunities for acquisition in the expectation that it can increase the scale of the Company's position.

I thank shareholders for their loyalty and support during the past year and look forward to another prosperous year ahead.

**Yuzi Zhou**  
**Executive Chairman**

28 September 2018

Your Directors present their report together with the financial statements of Accent Resources NL ("the Company" or "ACS") for the year ended 30 June 2018.

## **Directors**

The Directors in office at the date of this report and at any time during the financial year are as follows. Directors were in office for the entire year unless otherwise stated.

Yuzi (Albert) Zhou – Director and Executive Chairman  
Dian Zhou He – Non-Executive Director and Deputy Chairman  
Jun Sheng (Jerry) Liang – Non-Executive Director  
Jie You (Alternate Director to Jun Sheng Liang)

## **Information on Directors and officers**

### **Yuzi (Albert) Zhou**

Director and Executive Chairman – appointed 8 May 2012

#### **Qualifications**

Bachelor of Engineering

#### **Experience**

Mr Zhou majored in Metal Physics and graduated from Beijing Science and Technology University with a Diploma of Bachelor of Engineering in 1985. Mr Zhou then joined Shougang Iron and Steel Company ("Shougang") in 1985. In his 9+ years with Shougang he worked as an assistant engineer, as the engineer for a study of energy control and saving in iron and steel making process and then as department manager for the iron and steel international import and export business for both the United States and China. Mr Zhou then joined Itochu China Corporation as the Deputy Department Manager for the next 7 years, dealing mainly in steel products and the iron ore import and export business. The Itochu Corporation was the largest trading company in the world. Since 2001 Mr Zhou has joined in Rio Tinto marketing team as a Superintendent Sales Manager importing and selling iron ore in China for 6+ years. Later Mr Zhou worked as the Managing Director of China Nickel Resources Holdings Limited Company in Hong Kong for 4 years for nickel ore and iron ore mining, exporting and importing business in south east Asian areas.

#### **Interest in Shares and Options**

Nil

#### **Other Current Directorships of Listed Companies**

Non-Executive Director, MZI Resources Ltd – appointed 8 March 2018

#### **Former Directorships of Listed Companies in Last Three Years**

Nil

### **Dian Zhou He**

Non-Executive Director and Deputy Chairman – appointed 8 May 2012

#### **Qualifications**

Bachelor of engineering, EMBA

#### **Experience**

Mr He is the Chairman and President of Xingang Iron and Steel Company Limited ("Xingang Iron and Steel Company") of the Angang Group. He joined Xingang Iron and Steel Company after finishing his mining engineering studies in Baotou Iron and Steel University in 1985 and had further education in Huazhong University of Science and Technology where he was awarded an EMBA in 2005. He has been engaged in mining, iron making, steel production and overall company management over the last 26 years. Xingang Iron and Steel Company is a leading steel company in Henan Province of China with more than 6,300 employees and a total annual steel production output of 4.5 million tonnes. The turnover in 2009/2010 was RMB 9.6 billion. Mr He is also the Chairman of Xingang Resources, a subsidiary company of Xingang Iron and Steel Company established in Hong Kong for Australian business. Xingang Resources became the largest shareholder in the Company through an on market bid early 2012.

**Interest in Shares and Options** Shareholder of Xingang Resources (HK) Ltd which holds 98,026,518 ordinary shares (54.2%) in Accent Resources NL.

**Other Current Directorships of Listed Companies** Nil

**Former Directorships of Listed Companies in Last Three Years** Nil

### **Jun Sheng (Jerry) Liang**

Non-Executive Director – appointed 8 July 2009

**Qualifications** Bachelor of Science and Engineering.

**Experience** Mr Liang is Managing Director of Rich Mark Development (Group) Pty Ltd. He has 25 years' experience in international trade, including 11 years in COFCO, China's largest company, and 12 years in iron ore and steel trading.

**Interest in Shares and Options** Controlling Shareholder of Rich Mark Development (Group) Pty Ltd which holds 28,218,366 ordinary shares (15.6%) in Accent Resources NL.

**Other Current Directorships of Listed Companies** Nil.

**Former Directorships of Listed Companies in Last Three Years** Nil.

### **Jie You**

Alternate Director to Jun Sheng Liang – appointed 8 September 2011

**Qualifications** Bachelor of Science

**Experience** Mr You joined Xiamen International Trade Group (ITG) after he graduated from university in 1989 and worked in the international trade side of ITG for ten years. He was also General Manager of two ITG subsidiary companies between 1996 and 2000. Jie You has worked as a marketing manager for Rich Mark Development (Group) Pty Ltd (a bulk commodities company).

**Interest in Shares and Options** Nil.

**Other Current Directorships of Listed Companies** Nil.

**Former Directorships of Listed Companies in Last Three Years** Nil.

### **Robert Allen**

Company Secretary – appointed 1 July 2013

**Qualifications** Bachelor of Science and Bachelor of Business

**Experience** Mr Allen commenced his career as an exploration geologist. Since the early 1980's he has had over 35 years' experience in stockbroking, resources finance and banking, trading and risk management. During that time he also has had roles as CFO and Company Secretary and has also enjoyed the role of Director of an ASX listed company.

**Interest in Shares and Options** Nil.

**Other Current Directorships of Listed Companies** Nil.

**Former Directorships of Listed Companies in Last Three Years** Nil.

## Meeting of Directors

During the year, three meetings of directors were held. Attendances were:

Directors	Number Eligible to Attend	Number Attended
Jun Sheng (Jerry) Liang	3	3
Dian Zhou He	3	3
Yuzi (Albert) Zhou	3	3
Jie You	3	3

## Principal Activities

### Corporate Activities

The Company's strategy is to continue to concentrate on the identification of investment opportunities in the resources sector and development of existing projects. The objective is to identify mineral resource projects which have a clear pathway to production or monetisation.

### Results of Operations

The net loss of the Company after income tax for the year amounted to \$2,574,485 (2017: \$3,113,099).

### Dividends

No dividend has been paid or declared by the Company up to the date of this report. The Directors do not recommend that any amount be paid by way of dividend.

### Review of Operations

In conjunction with majority shareholder Xingang Resources (HK) Ltd the Company continues to assess investment opportunities and projects for acquisition or development. A summary of the Company's investments and projects are provided here.

#### 1. Investments:

##### MZI Resources NL ( 4.0%)

The Company announced on 30<sup>th</sup> November 2015 that it had acquired a substantial shareholding in MZI Resources Ltd ("MZI") which is a listed West Australian mineral sands producer (ASX Code: MZI). The Company acquired 10 million shares of MZI at an issue price of 40 cents for a total consideration of \$4.0 million. The Company's current interest is 4.0%. The Company funded its participation in the MZI placement by way of a \$4.0 million loan facility extended by the Company's major shareholder Xingang Resources (HK) Ltd.

In November 2015, MZI commissioned a mineral sands mine at Keysbrook which is 70km south of Perth. During 2016 the project was expected to ramp up to its initial production target of 96ktpa of leuconite and zircon concentrate comprising 38ktpa of L88, 29ktpa of L70, and 29ktpa of zircon concentrate. However, despite the project being completed on time and within budget, the operating performance in 2016 was disappointing with production being 55-60% of design capacity and operating costs being above budget. Performance in 2016 was affected by below design level recoveries in the WCP (necessitating an additional 48 spirals to be installed), and mining problems caused by equipment breakdown, long haul distances and noise restrictions limiting 24 hour operations.

In November 2016, MZI announced a board and management transition with Mr Rod Baxter becoming the new Chairman and Mr Steve Ward becoming the interim Managing Director. At the same time it also advised that a US\$16 million debt funding package had been provided by the major shareholder Resource Capital Fund ("RCF") VI LP. The funding package was for plant modifications and working capital. In May 2017, MZI announced that it had appointed a new Managing Director Mr Martin Purvis who commenced on 1<sup>st</sup> July 2017. Later that month it announced that it had secured an additional US\$5 million funding package from RCF for land acquisition.

In September 2017 MZI announced a new operating plan to increase Keysbrook throughout to 5.25mtpa by mid 2018. To finance the expansion two further funding packages of US\$5 million each from RCF were announced with the second one taking short term borrowings from RCF to US\$31 million in January 2018. These short term loans were to be repaid by 1<sup>st</sup> April 2018.

On 8<sup>th</sup> March 2018 MZI announced a loss of \$11.34 million for the half year to December 2017. Half year output rose by 9% to 53kt and sales volumes increased by 47% to 39kt.

Also on 8<sup>th</sup> March 2018 MZI announced that ACS' Chairman, Mr. Albert Zhou, had been appointed a Non Executive Director of MZI. ACS, together with major shareholder Rich Mark Development Pty Ltd, held at that time a total associated interest of 13.2% in MZI.

On 29<sup>th</sup> March 2018 MZI announced a new funding package had been provided by RCF comprising an additional US\$10million working capital loan and a new US\$61 million 3 year term loan to retire short term debt and provide working capital, land access expenses and operational optimisation.

Keysbrook is a high value, low cost operation and is expected to be the world's largest primary producer of leuxocene. With resources equivalent to 30 years mine life at initial production rates it has significant expansion potential. The Keysbrook project has mineral resources totalling 155mt at 2.0% heavy mineral content and within these resources Proved and Probable Reserves are 72.1mt at 2.2% heavy mineral grade. The reserves are sufficient for 15 years at the initial production rate.

## **2. Projects**

Accent Resources NL is the 100% owner of the Magnetite Range Project located approx. 310km north northeast of Perth, the Arcadia 'Meekatharra' Gold Project located 45km south west of Meekatharra and the Norseman Gold Project located 5km south east of Norseman (refer Figure 01).

Principal activities during the financial year included continued project review and evaluation. The Magnetite Range Project has seen the design and completion of a diamond drill hole for metallurgical testing. Logging has been completed and sampling is due to commence. Other exploration programs include planned drilling over a priority target at Meekatharra and a soils geochemistry program at Magnetite Range. The Norseman project has seen some progress on Native Title negotiations with 11 of the 13 tenements included in MLA63/657 application. A project wide database validation and consolidation exercise has been recommended and corporate strategy will be reviewed. The Company remains committed to the projects and will continue to seek ways of progressing development in the future.

**Figure 01 - Project Location map**

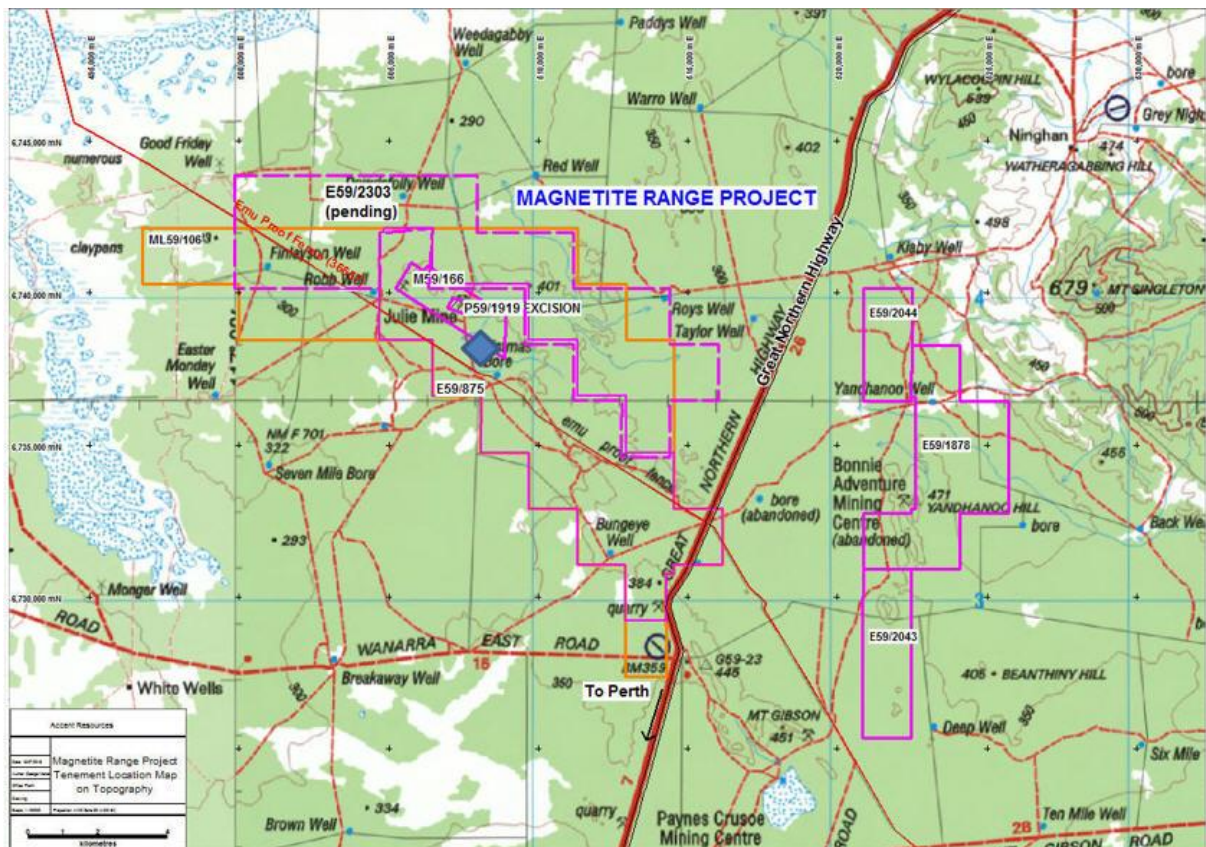

### **MAGNETITE RANGE IRON ORE PROJECT (ACS 100%)**

The Magnetite Range Project is an advanced iron magnetite project, with green field gold and iron ore potential located approximately 310km north northeast of Perth and 250km east southeast of Geraldton in the Shire of Yalgoo. The project area covers portions of the Ninghan, White Wells and Wanarra pastoral stations immediately west of the Great Northern Highway between Wubin and Paynes Find.

The project is well located in the southeast of the developing midwest iron ore region and located immediately northwest along strike of the operating Extension Hill (also known as Mt Gibson) iron ore project (refer Figure 02). The Extension Hill project has a dual ownership structure between Mount Gibson Iron Ltd (ASX:MGX) and unlisted company Asia Iron Australia Pty Ltd. Karara DSO and magnetite iron mine, which is a Joint Venture between Gindalbie Metals Ltd (ASX:GBG) and Chinese Steel producer Anshan Iron and Steel Group ("Ansteel"), is also located 45km to the north east.

**Figure 02 - Magnetite Range Project – showing Diamond Hole Location (blue), tenement outline on Topography**

The main banded iron formation ("BIF") ridges form low topographic highs (up to 30m in the south) or otherwise are buried beneath thin cover. Magnetite mineralization is contained within northwest and west northwest striking BIF units extending for over 14km of strike. The majority of the project area is within E59/875 and is characterised by two adjacent BIF units with an additional thinner unit occurring at the Hematite Hill prospect area in the south. The BIF package in the Hematite Hill area is up to 400m true thickness. The BIF units are sub vertical to steeply dipping east between Hematite Hill and Retaliation; this can shallow to an approximately 50° dipping northeast at Julia. Drilling completed indicates that the BIF units remain open at depth.

A total of 21,844m (12,218m of diamond drilling and 9,626m of Reverse Circulation ("RC")) resource drilling was completed between 2008 and 2010 and used to estimate a revised total JORC resource of 434.5 Mt at 31.4% Fe at 15% weight recovery cut off, as announced to the ASX on 28 November 2012. The Mineral Resource estimate is detailed in Summary Resources Statements section at end of report.

The Company completed a diamond drill hole during the reporting period. A planned 'twin' diamond hole DD03 (MGDD045) located on E59/875 was completed on 28<sup>th</sup> March 2018. The final collar location was varied to avoid removal of existing vegetation and minimise environmental impact, whilst also considering POW requirements. Geological logging and initial analysis indicates targeting was successful and metallurgical sampling and studies are continuing.

A total of 950+ soil geochemical samples have been designed over E59/2043; 2044; 1878 and are due to commence during the next reporting period. The size of the program will be dependent on successful grant of extension of term for E59/1878.

An application for E59/2303 was submitted over a portion of the pre-existing tenement E59/1732. Tenement E59/1732 extension of term was not successful and the company was formally notified late 2017, after a 3-month moratorium period. The company successfully re-applied for a smaller area of the original E59/1732 foot print. On 15<sup>th</sup> January 2018 new application E59/2303 for 18 blocks of the 36 original block size was applied for, this application is currently pending, Negotiations with White Wells Station owners have progressed and a Land Access Protocol was finalised during the last reporting period.

The Company continues to progress further studies of the Magnetite Range project in the form of internal reviews, future drill targeting, land access and acquisition, infrastructure, logistics studies and corporate options for project development. The commencement of a pre-feasibility study is imminent and additional test work plans have been designed. Soils sampling and RC Drilling have also been proposed and are currently in the application process.

### **NORSEMAN GOLD PROJECT (ACS 100%)**

The Norseman project comprises five Mining Leases and eight Prospecting Licences covering an area of approximately 256 hectares and is located 5km south of Norseman in the Dundas Mineral Field. Mining Lease Application (MLA63/567) was applied for on the 3<sup>rd</sup> September 2015 and is currently pending. This application includes 4 Mining Leases (M63/225; 226; 247 and 369) and 7 Prospecting Leases (P63/1380; 1381; 1383; 1384; 1642; 1893 and 1904) and will consolidate tenure for the project. Native Title negotiations are currently underway with the local Ngadju for this application. P63/1997 was granted on 4<sup>th</sup> July 2016, P63/2052 was applied for on 20<sup>th</sup> June 2016 and was granted on 26<sup>th</sup> October 2017. Both of these were subsequent to the MLA application therefore are not included in MLA63/267 (refer Figure 03).

The project area occurs within a strongly mineralised portion of the southern Norseman – Wiluna greenstone belt of the Yilgarn Craton. The local geology consists predominantly of Archaean banded cherty siltstone / ironstone formations interbedded with mafic volcanic and intrusives. The ironstones, referred to as the Eastern and Western Banded Ironstones contain flanking volcanics and chert breccias, passing into fine clastics and magnetite ironstones.

Gold mineralisation occurs predominantly along the Mt Henry Shear within the core of the eastern Ironstone (Surprise – Iron Duke – Maitland/Break O'Day Trend) and along the eastern margin of the western Ironstone (Lady Mary Trend). Additional mineralisation occurs in east northeast – west south west trending cross-cutting structures (Luck Call, Battler). The most significant mineralisation discovered to date consists of the north-south trending Iron Duke (40,700oz @ 1.9g/t Au) and Surprise (18,800oz @ 1.5g/t Au) gold deposits along the Mt Henry Shear (99 percentile upper cut, 1.0g/t Au lower cut off as announced to the ASX on 26 November 2012). Over 70-80% of these resources are shallow, within 50m of surface. The Mineral Resource estimate is detailed in Summary Resources Statements section at end of report.

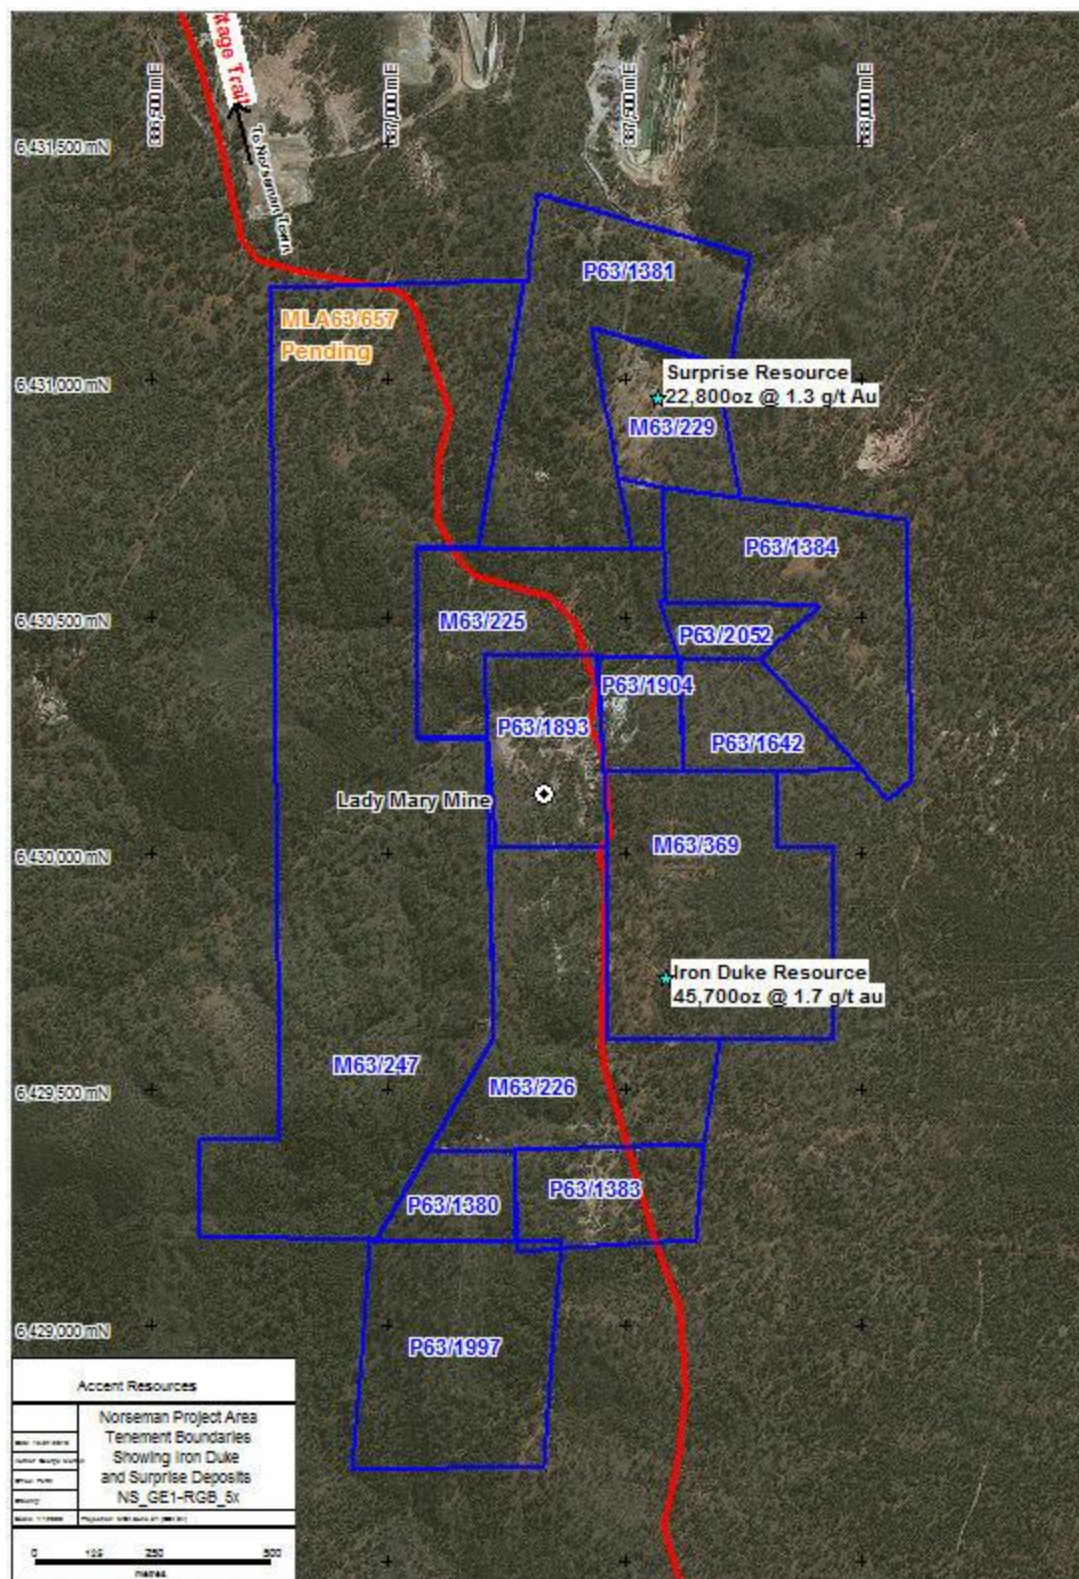

Resource estimation and pit optimization studies of the Surprise – Iron Duke Resources were completed during 2012 to assess their potential and economic viability. The current gold resources are unlikely to support a stand-alone operation but represent opportunity for either a development joint venture or toll processing with local operators. A technical review of the previous resource and geological interpretation during 2017 resulted in a similar outcome to previous studies, with further geochemical work recommended.

Tenements P63/1893 and 1904 cover the historically significant Lady Mary mine. Lady Mary was the subject of sporadic mining since the early 1900's with early reported production exceeding 26,000oz at grades greater than 20g/t Au. Mineralisation is associated with the Lady Mary Shear and hosted by an east dipping northeast plunging quartz vein which occurs at the eastern contact of the Western Ironstone with gabbro. Proposed work should include a review of geological information and construction of 3-dimensional model to accurately predict the plunge of the high-grade Lady Mary shoot. This will utilise surveyed information, historical drilling and underground mine plans. Drilling of the untested but significantly mineralised structure south and along strike of the historic Lady Mary mine is also recommended.

Future work recommended on this project includes a data validation and consolidation exercise to increase 3D geological and metallurgical understanding and increase resources and reduce risk related to some aspects of data quality. An improvement in the geological classification of the contained resources can be expected and precise targeting and drill planning will take place once digital updates have been completed. Further research into geochemical sampling options of existing samples and chip trays currently located in storage have commenced and are ongoing.

Figure 03 - Norseman Project Location Map with Resources at 0.5g/t Au Cut-off

## **ARCADIA (MEEKATHARRA) GOLD PROJECT (ACS 100%)**

The Arcadia 'Meekatharra' project (E51/1209) is located approximately 45km south west of Meekatharra in the Murchison District of the Murchison Mineral Field, Western Australia.

The Meekatharra project is underlain by an attenuated and faulted southern extension of the Archaean Abbots Greenstone Belt, largely buried beneath superficial cover. The greenstone succession comprises tholeiitic volcanic rocks, fine grained clastics, felsic volcanic and mafic intrusions lying between Tuckanurra, Big Bell and Meekatharra.

Transported valley fill alluvium, related to the Hope River paleo drainage system and the saline lake deposits at Lake Annean, have masked the majority of bedrock. The transported cover varies between 4-100m thickness and underlying geology has been deduced from regional aeromagnetic interpretation and minimal drilling located over the Hope River prospect area, see Meekatharra Project Map figure 4.

The Hope River Prospect gold mineralisation was historically defined with Air Core (AC) drilling during the early 1990's by WMC Resources Ltd. During the late 1990's Atlantic Gold and Tantalum Australia NL completed further (AC) and Reverse Circulation (RC) and Diamond (DD) follow up drilling respectively. Drilling from Tantalum Australia NL (RC and DD) showed extensive supergene gold mineralisation within the weathered zone.

RC and DD has identified a 'blind' gold bearing sulphidic quartz dolerite over approximately 2km strike length of the north – south trending mylonitic zone (Hope River Shear zone) along a splay fault off the regional north east striking Abernethy Shear Zone that occurs immediately west of the licence area. The most significant gold mineralization is associated with quartz dolerite intrusions along a western mineralized shear of the Hope River Shear Zone and requires further follow up. The most significant or best intersections include:

- MHD46 - 8m @ 4.24g/t Au from 161m (616300mE 7023950mN)
- MHC21 - 8m @ 3.89g/t Au from 57m or 5m at 5.94g/t Au from 60m ( 616370mE 7023235mN)
- MHC33 - 3m at 5.93g/t Au from 69m (616310mE 7024120mN)
- MHC15 - 12m at 1.7g/t Au from 57m (616370mE 7024120mN)

The northern strike extension of the Hope River Prospect was drilled with AC during 2012 by ACS and returned anomalous composite assay results (peak 8m@1.2g/t Au) over more than 1km, RC follow up drilling was recommended but never completed.

ACS was granted the tenement during 2008 and are currently in their second 5 year grant period due to expire 2018. Work completed during tenure includes regional field mapping, regional aeromagnetic interpretation and 2 ground line traverses, database compilation, soil sampling and AC drilling. ACS has applied for a further extension on the tenement with approval from the Department of Mines ("DMP") is pending.

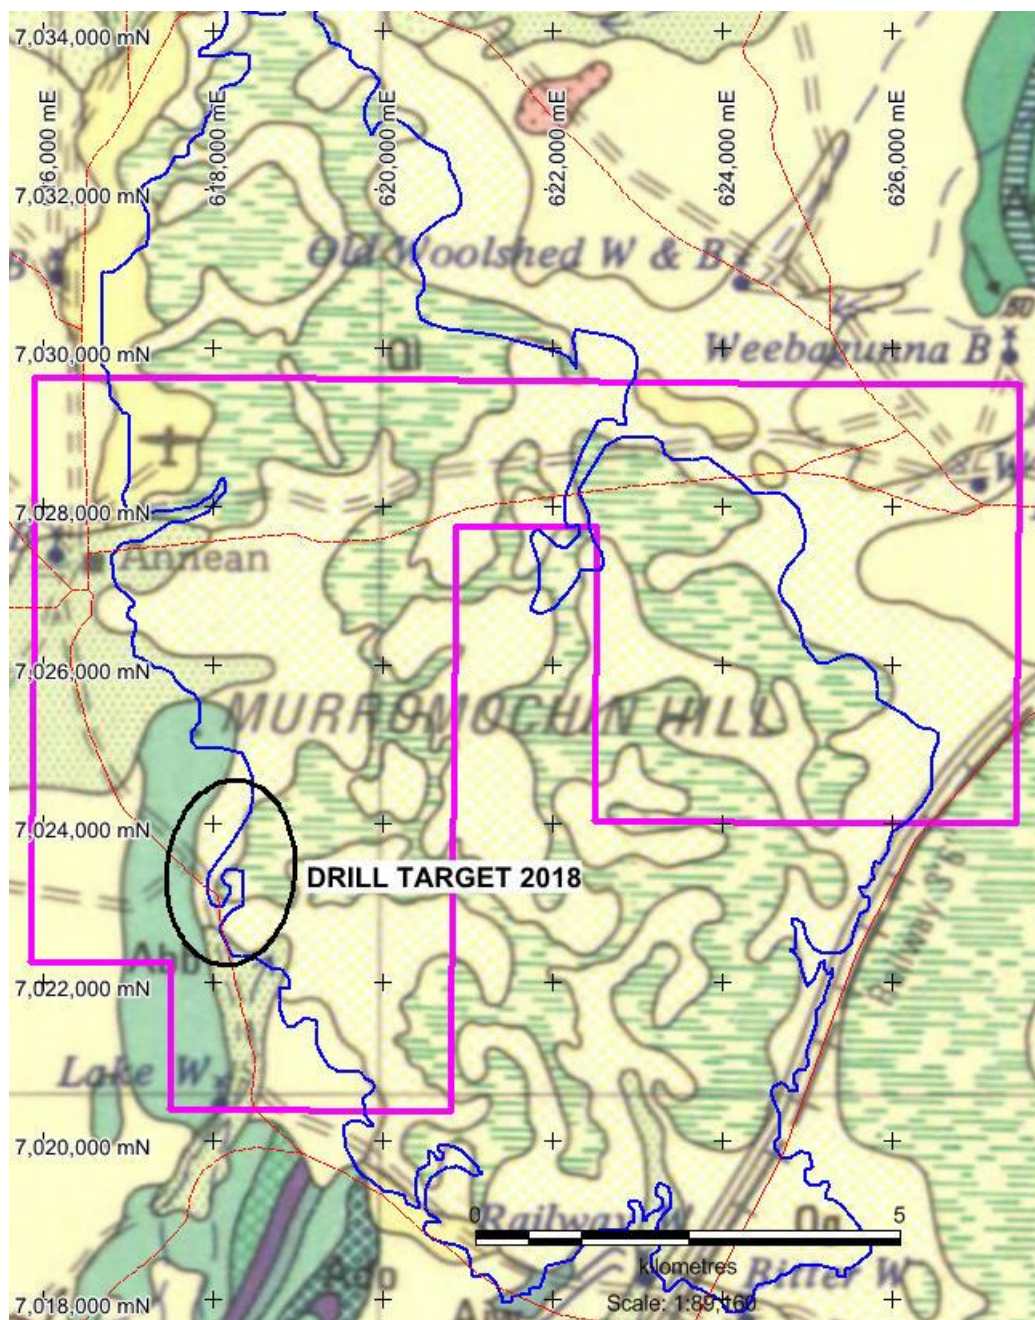

Due to the lack of subsurface information and a high proportion of salt lake cover, two geophysical surveys were undertaken during 2016 and interpretation and reporting finalized during 2017; Gravity (western portion) and aeromagnetic (eastern infill) geophysical surveys were designed to help define geological architecture and preliminary local scale target definition. Southern Geoscience Consultants 'SGC' completed a high level geophysical report which identified 41 conceptual targets based on combined historical geological mapping, all available drill data and geophysics.

During the reporting period, ACS ranked these targets and prioritized the top 3 targets, RC drilling has been designed over Target one and two for a total of 2500m. A POW application was approved by the company for submission during May 2018 and is currently pending approval. The drill program will be dependent on successful grant of POW69249 and extension of term for E51/1209.

There are also a number of geochemical gold anomalies defined by regolith drilling which require follow up on the western and eastern flank of the Hope River Prospect which have so far received little attention.

Figure 4 - Meekatharra Project Location Map – Topography showing Tenement outline (pink) and salt lake extent (blue) highlighting Priority 2018 Drill Target

## **Financial Position**

At 30 June 2018, the Company was in a net liability position of \$57,823 (2017: \$1,868,518 net asset). Full details of the financial position of the Company can be found in the Financial Statements section within this Annual Report.

## **Significant Changes in State of Affairs**

There were no significant changes in the state of affairs of the Company during the financial year other than those disclosed previously.

## **After Balance Date Events**

Subsequent to the end of the financial year the Company signed an agreement with Rich Mark Development Group Pty Ltd to extend the term of the existing \$1 million unsecured loan from 19 August 2019 to August 2021 with repayment due at maturity of the loan. The loan will continue to accrue interest six monthly at 4% pa.

Subsequent to the end of the financial year the Company signed an agreement with a Rich Mark Development Group Pty Ltd for a \$1.3 million loan available for drawdown in 2 tranches, first being \$1 million receivable on execution of the agreement. The second tranche is for \$300,000 and will become available at a time to be determined depending on the exploration results at the Meekatharra and Norseman gold projects. The loan is unsecured and subject to interest at 10% pa which accrues six monthly and is payable along with the principle at maturity. The loan matures on 31 July 2021.

No other matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

## **Future Developments, Prospects and Business Strategies**

The Company intends to continue to pursue its goals of identification of investment opportunities in the resources sector and development of existing projects.

## **Environmental Issues**

The Company is aware of its environmental obligations with regards to its exploration activities and ensures that it complies with all regulations when carrying out any exploration work.

## **Shares Under Option**

There are no unissued ordinary shares of the Company under option at the date of this report.

No Share options were granted during the financial year (2017: Nil).

## **Proceedings on Behalf of the Company**

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

No proceedings have been brought or intervened in on behalf of the Company with leave of the Court under section 237 of the *Corporations Act 2001*.

## **Indemnification and Insurance of Officers**

In accordance with the constitution, except as may be prohibited by the *Corporations Act 2001* every Officer of the Company shall be indemnified out of the property of the Company against any liability incurred by him in his capacity as Officer, auditor or agent of the Company or any related corporation in respect of any act or omission whatsoever and howsoever occurring or in defending any proceedings, whether civil or criminal. Accordingly the Company has in place Directors and Officers Insurance and the total amount of insurance contract premiums paid was \$10,088 (2017: \$9,845).

### **Auditor's Independence Declaration**

The auditor's independence declaration for the year ended 30 June 2018 has been received and can be found on page 49 of the Financial Statements.

### **Non-audit Services**

The Board of Directors is satisfied that the provision of non-audit services during the period is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that services disclosed below did not compromise the external auditor's independence for the following reasons:

- all non-audit services are reviewed and approved by the Board prior to commencement to ensure that they do not adversely affect the integrity and objectivity of the auditors; and
- the nature of the services provided do not compromise the general principles relating to audit independence as set out by Chartered Accountants Australia and New Zealand and APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board.

No fees for non-audit services were paid/payable to the external auditors during the year ended 30 June 2018 (2017: nil).

### **Corporate Governance**

In recognising the need for the highest standards of corporate behaviour and accountability, the Directors of Accent Resources NL support and adhere to the principles of corporate governance. The Company's Corporate Governance Statement is contained in the subsequent section of this report and on its website at [www.accentresources.com.au](http://www.accentresources.com.au).

### **Remuneration Report (Audited)**

The Remuneration Report is set out under the following main headings:

- A Directors and Key Management Personnel
- B Principles Used to Determine the Nature and Amount of Remuneration
- C Service Agreements
- D Details of Remuneration
- E Share-based Compensation
- F Equity Instrument Disclosures Relating to Key Management Personnel
- G Other Transactions

The information provided in this Remuneration Report has been audited as required by section 308 (3C) of the *Corporations Act 2001*.

### **Voting and Comments made at the Company's 2017 Annual General Meeting**

The Company received 99.99% of "yes" votes on its remuneration report for the 2017 financial year. The Company notes that this was an improvement on the previous year and reflects the conservative remuneration practices of the Company.

#### **A. Directors and Key Management Personnel**

The remuneration arrangements detailed in this report relate to the following Directors and key management personnel as follows:

Yuzi (Albert) Zhou – Executive Chairman  
Dian Zhou He – Deputy Chairman  
Jun Sheng Liang – Non Executive Director  
Jie You – Alternative Director to Jun Sheng Liang  
Mr. Robert Allen – Company Secretary

#### **B. Principles Used to Determine the Nature and Amount of Remuneration**

The Board recognises that Accent Resources NL operates in a global environment. To prosper in this environment we must attract, motivate and retain key executive staff.

In determining competitive remuneration rates, the Board, acting in its capacity as the remuneration committee, seeks independent advice on local and international trends among comparative companies and the mining and exploration sector generally. It examines terms and conditions for employee incentive schemes benefit plans and share plans. Independent advice may be obtained to confirm that executive remuneration is in line with market practice and is reasonable in the context of Australian executive reward practices.

No remuneration consultants were utilised in the current year to determine remuneration.

### Board Remuneration

Shareholders approve the maximum aggregate remuneration for Non-Executive Directors. The Board determines actual payments to directors and reviews their remuneration annually. This is based on independent external advice with regard to market practice, relativities, and the duties and accountabilities of directors.

### Performance-based Remuneration

At this stage of the Company's development and being an exploration company, there are no remuneration policies which link remuneration to company performance.

The principles supporting our remuneration policy are that:

- Reward reflects the competitive global market in which the Company operates.
- Remuneration arrangements are equitable and facilitate the development of senior management across the Company.

The tables below set out summary information about the Company's movements in shareholder wealth for the five years to 30 June 2018:

	<b>30 June 2018</b>	<b>30 June 2017</b>	<b>30 June 2016</b>	<b>30 June 2015</b>	<b>30 June 2014</b>
	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>
Revenue	13,932	28,425	96,832	54,743	130,480
Net loss before tax	(2,574,485)	(3,113,099)	(940,096)	(13,881,285)	(2,656,578)
Net loss after tax	(2,574,485)	(3,113,099)	(940,096)	(13,881,285)	(2,656,578)

	<b>30 June 2018</b>	<b>30 June 2017</b>	<b>30 June 2016</b>	<b>30 June 2015</b>	<b>30 June 2014</b>
	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>
Share price at start of year	0.03	0.08	0.14	0.21	0.23
Share price at end of year	0.01	0.03	0.08	0.14	0.21
Basic earnings per share	(1.42)	(1.72)	(0.52)	(7.67)	(1.47)

No dividends have been declared.

### C. Service Agreements

#### Employment Contracts of Directors and Senior Executives

The Executive Chairman, Mr Yuzi Zhou, has an ongoing arrangement with the Company which was put in place with effect on 1 July 2014. Mr Zhou receives a salary of \$168,000 per annum and either party may terminate this agreement at any time by giving a three month's written notice.

The Non-Executive Directors and Company Secretary have been appointed on an ongoing basis and have no retirement benefit allowances (neither current nor accrued), and the Company has no obligations to Directors upon their cessation from office.

There are no additional employment contracts relating to Directors or the Company Secretary other than what is outlined above.

## D. Details of Remuneration

**End of the Audited Remuneration Report**

Signed in accordance with a resolution of the Board of Directors made pursuant to s.295(5) of the *Corporations Act 2001*.

Yuzi Zhou  
 Executive Chairman  
 Dated this 28<sup>th</sup> day of September 2018

## **CORPORATE GOVERNANCE STATEMENT**

As a company listed with the ASX Limited (ASX), Accent Resources NL must report on its main corporate governance practices by reference to the Principles and Recommendations of the ASX Corporate Governance Council (the Council). This Report is prepared with reference to the Council's Corporate Governance Principles and Recommendations with 2014 Amendments as published in March 2014 which also contains guidelines to companies as to how they should report in relation to the Principles (Guide).

### **PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT**

*Recommendation 1.1 – A listed entity should establish and disclose the respective roles and responsibilities of its board and management and how their performance is monitored and evaluated.*

The Board of Directors has been charged by members to oversee the affairs of the Company to ensure that they are conducted appropriately and in the interests of all members. The role of the Board includes:

- (a) providing leadership and setting the strategic objectives of the entity;
- (b) appointing the Chair and independent Directors;
- (c) appointing and, when necessary, replacing the CEO;
- (d) approving the appointment and, when necessary, replacement of senior executives;
- (e) overseeing the implementation of strategic objectives;
- (f) approving budgets and major capital expenditure;
- (g) approving the integrity of the reporting systems;
- (h) overseeing the process for making timely and balanced disclosure;
- (i) ensuring appropriate risk management framework is in place;
- (j) appropriate remuneration framework; and
- (k) monitoring performance of governance practices.

The Board has delegated to the relevant appointed CEO or other appointed management, the management of the day-to-day operations and administration of the Company, consistent with the objectives and policies set down by the Board. The CEO or appointed management is directly accountable to the Board for the performance of the management team. The CEO position is vacant at present and this function is being performed by the Executive Chairman.

*Recommendation 1.2 – A listed entity should undertake checks before appointing a director and provide shareholders with all relevant information.*

The following information about a candidate standing for election or re-election as a director should be provided to shareholders;

- (a) Biographical detail;
- (b) Details of other directorships;
- (c) Statement of suitability to be a director, and
- (d) Term of office currently served by the director.

*Recommendation 1.3 – A listed entity should have a written agreement with each director and senior executive setting out the terms of the appointment.*

Recommendation 1.4 Company Secretary should be accountable directly to the Board through the Chair.

Recommendation 1.5 – A listed entity should have a diversity policy for achieving gender diversity.

## **PRINCIPLE 2 – STRUCTURE THE BOARD TO ADD VALUE**

Recommendation 2.1 – The Board of a listed entity should have a nomination committee.

Recommendation 2.2 – A listed entity should have and disclose a skills matrix setting out the skills and diversity of the board.

The skills of each director is set out in the Directors Report.

Recommendation 2.3 – A listed entity should disclose the names of the independent directors.

Recommendation 2.4 – A majority of the Board of a listed entity should be independent directors.

Recommendation 2.5 – The chair of the Board of a listed company should be an independent director and should not be the same person as the CEO.

The current Board comprises three Directors – two Non-Executive Directors and one Executive Director. The Executive Chairman is performing the functions of a CEO. There are no independent Directors at the date of this report. A Director is assessed as being independent according to the following criteria.

An Independent Director is a Non-Executive Director (i.e. is not a member of management) and:

- (a) holds less than 5% of the voting shares of the Company and is not an Officer of, or otherwise associated directly or indirectly with, a shareholder of more than 5% of the voting shares of the Company;
- (b) within the last three years has not been employed in an executive capacity by the Company or another group member, or been a Director after ceasing to hold any such employment;
- (c) within the last three years has not been a principal of a material professional adviser or a material consultant to the Company or another group member, or an employee materially associated with the service provided;
- (d) is not a material supplier or customer of the Company or other group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- (e) has no material contractual relationship with the Company or another group member other than as a Director of the Company;
- (f) has not served on the board for a period which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company; and
- (g) is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.

## **PRINCIPLE 3 – PROMOTE ETHICAL AND RESPONSIBLE DECISION-MAKING**

Recommendation 3.1 - Companies should establish a code of conduct and disclose the code or a summary of the code:

3.1.1 the practices necessary to maintain confidence in the Company's integrity;

3.1.2 the practices necessary to take into account their legal obligations and the reasonable expectations of their stakeholders: and

3.1.3 the responsibility and accountability of individuals for reporting and investigating reports of unethical practices.

## **PRINCIPLE 4 – SAFEGUARD INTEGRITY IN FINANCIAL REPORTING**

### *Recommendation 4.1 - The Board should establish an Audit Committee*

It is the Board's responsibility to ensure that an effective internal control framework exists within the entity. This includes internal controls to deal with both the effectiveness and efficiency of significant business processes, the safeguarding of asset, the maintenance of proper accounting records and the reliability of financial information as well as non-financial considerations.

Having regard to the current size and activities of the Company, the Board will retain responsibility for the duties outlined in the Audit and Risk Committee Charter on the Company's website. As the size and composition of the Board increases over time, the Board will delegate these duties to an Audit and Risk Management Committee.

### *Recommendation 4.2 - The Audit Committee should be structured so that it: Consists only non-executive directors; consists of a majority of independent directors; is chaired by an independent chair, who is not chair of the Board; and has at least three members.*

Having regard to the current size and activities of the Company, the Board will retain responsibility for the duties outlined for an Audit Committee. As the size and composition of the Board increases over time, the Board will delegate these duties to an Audit and Risk Committee (the "Committee"), whose composition can then be determined in accordance with the below.

The Committee must comprise at least three members.

- (a) All members of the Committee must be Non-Executive Directors.
- (b) A majority of the members of the Committee must be Independent Non-Executive Directors.
- (c) The Board will appoint members of the Committee. The Board may remove and replace members of the Committee by resolution.
- (d) All members of the Committee must be able to read and understand financial statements.
- (e) The Chairman of the Committee may not be the Chairman of the Board of Directors and must be independent.
- (f) The Chairman shall have leadership experience and a strong finance, accounting or business background.
- (g) The external auditors, the other Directors, the Managing Director, Chief Financial Officer, Company Secretary and senior executives, may be invited to Committee meetings at the discretion of the Committee.

The Board is satisfied that it has sufficient financial, public company, industry sector and business expertise to discharge its duties in terms audit and risk management at this stage of the Company's development.

### *Recommendation 4.3 - The Audit Committee should have a formal charter*

The Company policy is to appoint external auditors who demonstrate independence, quality and performance. The performance of the external auditor is reviewed on an annual basis.

### *Recommendation 4.4 - Companies should provide the information indicated in the Guide to reporting on Principle 4.*

The Company has provided this information.

## **PRINCIPLE 5 – MAKE TIMELY AND BALANCED DISCLOSURE**

### *Recommendation 5.1 - Companies should establish written policies designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at a senior executive level for that compliance and disclose those policies or a summary of those policies.*

The Company must comply with continuous disclosure requirements arising from the Corporations Act and the Listing Rules of the Australian Securities Exchange (ASX).

The general rule, in accordance with ASX Listing Rule 3.1, is that once the Company becomes aware of any information concerning it that a reasonable person would expect to have a material effect on the price or value of the Company's securities, the Company must immediately disclose that information to the ASX.

The Company has in place a written policy on information disclosure and relevant procedures.

The focus of these procedures is on continuous disclosure compliance and improving access to information for investors.

The Company Secretary is responsible for:

- (a) overseeing and co-ordinating disclosure of information to the relevant stock exchanges and shareholders; and
- (b) providing guidance to Directors and employees on disclosure requirements and procedures.

Price sensitive information is publicly released through ASX before it is disclosed to shareholders and market participants. Distribution of other information to shareholders and market participants is also managed through disclosure to the ASX.

Information is posted on the Company's website after the ASX confirms an announcement has been made, with the aim of making the information readily accessible to the widest audience.

Recommendation 5.2 - Companies should provide the information indicated in the Guide to reporting on Principle 5

The Company has provided this information.

## **PRINCIPLE 6 – RESPECT THE RIGHTS OF SHAREHOLDERS**

Recommendation 6.1 - Companies should design a communications policy for promoting effective communication with shareholders and encouraging their participation at general meetings and disclose their policy or a summary of that policy.

The Board aims to ensure that the shareholders are informed of all major developments affecting the Company's state of affairs.

Information is communicated to shareholders through:

- (a) the Annual Report delivered by post and which is also placed on the Company's website;
- (b) the half yearly report which is placed on the Company's website;
- (c) the quarterly reports which are placed on the Company's website;
- (d) disclosures and announcements made to the ASX, copies of which are placed on the Company's website;
- (e) notices and explanatory memoranda of Annual General Meetings (AGM) and Extraordinary General Meetings (EGM) copies of which are placed on the Company's website;
- (f) the Chairman's address and the Managing Director's address made at the AGMs and the EGMs, copies of which are placed on the Company's website;
- (g) the Company's website, ([www.accentresources.com.au](http://www.accentresources.com.au)) on which the Company posts all announcements which it makes to the ASX; and
- (h) the auditor's lead engagement partner being present at the AGM to answer questions from shareholders about the conduct of the audit and the preparation and content of the auditor's report.

The Company is reviewing its website to identify ways in which it can promote its greater use by shareholders and make it more informative. At least three historical years of the Company's Annual Report is provided on the Company's website. Shareholders queries should be referred to the Company Secretary in the first instance.

Recommendation 6.2 - Companies should provide the information indicated in the Guide to reporting on Principle 6.

The Company has provided this information.

## **PRINCIPLE 7 – RECOGNISE AND MANAGE RISK**

Recommendation 7.1 - Companies should establish policies for the oversight and management of material business risks and disclose a summary of those policies.

Recommendation 7.2 - The Board should require management to design and implement the risk management and internal control system to manage the Company's material business risks and report to it on whether those risks are being managed effectively. The Board should disclose that management has reported to it as to the effectiveness of the Company's management of its material business risks.

The Board determines the Company's "risk profile" and is responsible for overseeing and approving risk management strategy and policies, internal compliance and internal control.

The Board has assumed the normal responsibilities of an Audit and Risk Committee, including the responsibility for implementing the risk management system. As such, the Board will:

- (a) oversee the Company's risk management systems, practices and procedures to ensure effective risk identification and management and compliance with internal guidelines and external requirements;
- (b) assist management to determine the key risks to the businesses and prioritise work to manage those risks; and
- (c) review reports by management on the efficiency and effectiveness of risk management and associated internal compliance and control procedures.

The Company's process of risk management and internal compliance and control includes:

- (a) identifying and measuring risks that might impact upon the achievement of the Company's goals and objectives, and monitoring the environment for emerging factors and trends that affect these risks;
- (b) formulating risk management strategies to manage identified risks, and designing and implementing appropriate risk management policies and internal controls; and
- (c) monitoring the performance of, and improving the effectiveness of, risk management systems and internal compliance and controls, including regular assessment of the effectiveness of risk management and internal compliance and control.

To this end, comprehensive practises are in place that are directed towards achieving the following objectives:

- (a) compliance with applicable laws and regulations.
- (b) preparation of reliable published financial information.
- (c) implementation of risk transfer strategies where appropriate e.g. insurance.

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to management. Management is required to assess risk management and associated internal compliance and control procedures and report back quarterly to the Board in their performance of the duties of the Audit and Risk Committee.

The Board will review assessments of the effectiveness of risk management and internal compliance and control on an annual basis.

Recommendation 7.3 - The Board should disclose whether it has received assurance from the Chief Executive Officer (or equivalent) and the Chief Financial Officer (or equivalent) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

The Managing Director, or equivalent, and the Chief Financial Officer have provided to the Board a declaration in accordance with section 295A of the Corporations Act that the integrity of the Company's financial statements is founded on a sound system of risk management and internal compliance and control which implements the policies of the Board; and the Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects.

Recommendation 7.4 - Companies should provide the information indicated in the Guide to reporting on Principle 7.

The Company has provided this information.

## **PRINCIPLE 8 – REMUNERATE FAIRLY AND RESPONSIBLY**

Recommendation 8.1 - The Board should establish a Remuneration Committee.

Having regard to the current size and activities of the Company, the Board will retain responsibility for the duties outlined below in respect to a Remuneration Committee. As the size and composition of the Board increases over time, the Board will delegate these duties to a separately formed Remuneration Committee. The Charter may be subject to review by the Board at any time.

Recommendation 8.2 - The remuneration committee should be structured so that it: consists of a majority of independent directors; is chaired by an independent chair; has at least 3 members.

As stated above, the Board will retain responsibility for the remuneration committee duties.

The Board is satisfied that it has sufficient financial, public company, industry sector and business expertise to discharge its duties at this stage of the Company's development.

Recommendation 8.3 - Companies should clearly distinguish the structure of Non-Executive Director's remuneration from that of Executive Directors and senior executives.

The Constitution of the Company provides that the aggregate remuneration of all Directors, in their capacity as Directors, must not exceed such sum as the Company in general meeting may approve and is to be apportioned amongst them in such manner as the Directors agree and, in default of agreement, equally. Non-Executive Directors who chair any of the Board Committees do not receive additional remuneration for such duties.

The remuneration of Directors and Company Secretary of the Company are set out in the Company's Annual Reports. The disclosure sets out the salary, fees, bonus entitlement, non-cash benefits, retirement benefits and equity related components of each of their respective remuneration packages.

There are no arrangements currently in place for payment of retirement benefits to Non-Executive Directors, other than statutory superannuation contributions.

Recommendation 8.4 - Companies should provide the information indicated in the Guide to reporting on Principle 8.

The Company has provided this information.

The accompanying notes form part of these financial statements.

## **1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

### **(i) Basis of Accounting**

These general purpose financial statements have been prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standards and Interpretations and complies with other requirements of the law. Australian Accounting Standards ensure compliance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board. The Company is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements cover the individual entity of Accent Resources NL. Accent Resources NL is a listed public company incorporated and domiciled in Australia.

The financial statements were authorised for issue on 28<sup>th</sup> September 2018.

The functional currency and presentation currency of Accent Resources NL is Australian dollars.

### **(ii) Going Concern**

The financial report has been prepared on the going concern basis, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Company incurred a net loss of \$2,574,485 (2017: \$3,113,099) and experienced net cash outflows from operating and investing activities of \$999,296 for the year ended 30 June 2018 (2017: \$1,012,027). As at 30 June 2018, the company had a cash balance of \$354,778. Subsequent to the year end, the Company has entered into a loan agreement for \$1,300,000 with Rich Mark Development (Group) Pty Ltd and has received funds of \$1,000,000 to date, with the remainder of funds available to be drawn down. Further, the Company has extended the repayment date of an existing unsecured loan of \$1,000,000 from Rich Mark Development (Group) Pty Ltd. Refer to Note 23 Events after the balance sheet date for details.

The directors have prepared a cash flow forecast for the period ending 30 September 2019 which indicates current cash resources will meet expected cash outflows including corporate costs and exploration expenditure, based on the receipt of the additional \$1,000,000 loan funds and extension of the loan noted above. The directors will continue to manage and defer costs to ensure all obligations can be met.

Based on the above, the directors are satisfied that it is appropriate to continue to prepare the financial statements on the going concern basis.

### **(iii) Adoption of new and revised standards**

The Company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standard Board (the "AASB") that are relevant to their operations and effective for the current year. The standards that are relevant and applicable for the first time for the year ended 30 June 2018 are:

- AASB 1048 'Interpretations of Standards'
- AASB 2016-1 'Amendments to Australian Accounting Standards - Recognition of Deferred Tax Assets for Unrealised Losses'
- AASB 2016-2 'Amendments to Australian Accounting Standards - Disclosure Initiative: Amendments to AASB 107'
- AASB 2017-2 Amendments to Australian Accounting Standards - Further Annual Improvements 2014-2016 Cycle

The adoption of these new and revised standards has not resulted in any significant changes to the Company's accounting policies or to the amounts reported for the current or prior periods.

The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

At the date of authorisation of the financial statements, the following Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective and have not been adopted by the Company for the year ended 30 June 2018:

Standard / Interpretation	Effective for annual reporting periods beginning/ending on or after	Expected to be applied by consolidated entity
AASB 9 Financial Instruments and relevant amending standards	1 January 2018	30 June 2019
AASB 15 Revenue from Contracts with Customers, AASB 2014-5 Amendments to Australian Accounting Standards arising from AASB 15, AASB 2015-8 Amendments to Australian Accounting Standards – Effective Date of AASB 15, and AASB 2016-3 Amendments to Australian Accounting Standards – Clarifications to AASB 15.	1 January 2018	30 June 2019
AASB 16 Leases	1 January 2019	30 June 2020
AASB 2014-10 Amendments to Australian Accounting Standards – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture, AASB 2015-10 Amendments to Australian Accounting Standards – Effective Date of Amendments to AASB 10 and AASB 128 and AASB 2017-5 Amendments to Australian Accounting Standards – Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections	1 January 2018	30 June 2019
AASB 2016-5 Amendments to Australian Accounting Standards – Classification and Measurement of Share-based Payment Transactions	1 January 2018	30 June 2019
AASB 2017-1 Amendments to Australian Accounting Standards – Transfers of Investment Property, Annual Improvements 2014–2016 Cycle and Other Amendments	1 January 2018	30 June 2019
AASB 2017-6 Amendments to Australian Accounting Standards – Prepayment Features with Negative Compensation	1 January 2019	30 June 2020
AASB 2017-7 Amendments to Australian Accounting Standards – Long-term Interests in Associates and Joint Ventures	1 January 2019	30 June 2020
AASB 2018-1 Amendments to Australian Accounting Standards – Annual Improvements 2015–2017 Cycle	1 January 2019	30 June 2020
AASB Interpretation 22 Foreign Currency Transactions and Advance Consideration	1 January 2018	30 June 2019

- AASB 9: *Financial Instruments and associated amending standards* came into effect in 1 July 2018.

AASB 9 replaces AASB 139 Financial Instruments: Recognition and Measurement and includes revised requirements for the classification and measurement of financial instruments, revised recognition and de-recognition requirements for financial instruments, revised impairment requirements and simplified requirements for hedge accounting.

The revised requirements include:

- simplifications to the classification of financial assets
- simplifications to the accounting of embedded derivatives
- an expected loss impairment model
- the irrevocable election to recognise gains and losses on investments in equity instruments that are not held for trading in other comprehensive income
- a new model for hedge accounting that will allow greater flexibility in the ability to hedge risk, particularly with respect to hedges of non-financial items.

The directors have made a preliminary assessment of the impact, which will result in the following adjustments and/or reclassifications on transition:

- Investment in equity shares of MZI Resources Limited classified as available-for-sale under AASB 139 will be designated as fair value through profit or loss as these shares do not have a maturity date and do not provide fixed and determinable payments.
- AASB 15: *Revenue from Contracts with Customers* came into effect in 1 July 2018.

This Standard will replace the current accounting requirements applicable to revenue with a single, principles-based model. Except for a limited number of exceptions, including leases, the new revenue model in AASB 15 will apply to all contracts with customers as well as non-monetary exchanges between entities in the same line of business to facilitate sales to customers and potential customers.

The core principle of the Standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for the goods or services. To achieve this objective, AASB 15 provides the following five-step process:

- identify the contract(s) with a customer;
- identify the performance obligations in the contract(s);
- determine the transaction price;
- allocate the transaction price to the performance obligations in the contract(s); and
- recognise revenue when (or as) the performance obligations are satisfied.

The revenue of the Company is derived from interest income from financial institutions. Therefore, the directors expect that there will be no material impact on transition to AASB 15.

- AASB 16: *Leases* (applicable to annual reporting periods beginning on or after 1 January 2019)

AASB 16 will replace the current accounting requirements applicable to leases in AASB 117: *Leases* and related Interpretations. AASB 16 introduces a single lessee accounting model that eliminates the requirement for leases to be classified as operating or finance leases.

The main changes introduced by the new Standard include:

- recognition of a right-to-use asset and liability for all leases (excluding short-term leases with less than 12 months of tenure and leases relating to low-value assets);
- depreciation of right-to-use assets in line with AASB 116: *Property, Plant and Equipment* in profit or loss and unwinding of the liability in principal and interest components;
- variable lease payments that depend on an index or a rate are included in the initial measurement of the lease liability using the index or rate at the commencement date;
- by applying a practical expedient, a lessee is permitted to elect not to separate non-lease components and instead account for all components as a lease; and
- additional disclosure requirements.

The adoption of AASB 16 will result in lease assets and liabilities being recognised in the statement of financial position and a change in how related expenses are incurred. The financial impact of this standard is currently being assessed.

**(iv) Summary of Significant Accounting Policies**

The accounting policies described below have been applied consistently to both financial years presented.

**(a) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**(b) Plant and Equipment**

Plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is calculated on a reducing balance basis to write off the net cost of each item of plant and equipment over its expected useful life commencing from the time the asset is ready for use.

The depreciation rates used for each class of depreciable assets are:

<b>Class of Fixed Asset</b>	<b>Depreciation Rate</b>
Plant and Equipment	7.5 – 40%
Motor Vehicles	25%

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss.

**(c) Exploration and Evaluation Expenditure**

Exploration and evaluation expenditure incurred is capitalised at cost and include acquisition of rights to explore, studies, exploratory drilling, sampling and associated activities. Costs are accumulated in respect of each identifiable area of interest. General and administrative are only included in the measurement of exploration and evaluation costs where they relate directly to operational activities in a particular area of interest.

These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage which permits reasonable assessment of the existence of economically recoverable reserves and the following conditions are satisfied:

- (i) the rights to tenure of the area of interest are current; and
- (ii) at least one of the following conditions is also met:
  - (a) the exploration and evaluation expenditures is expected to be recouped through successful development and exploration of the area of interest, or alternatively, by its sale; or
  - (b) exploration and evaluation activities in the area of interest have not, at the reporting date, reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

Accumulated costs in relation to an abandoned area are written off in full in the profit or loss for the year in which the decision to abandon the area is made.

When production commences, the accumulated costs for the relevant area of interest are reclassified to development assets and amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

**(d) Impairment of Assets**

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that these assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset carrying value. Any excess of the asset carrying value over its recoverable amount is expensed to the statement of profit or loss.

**(e) Financial Instruments**

**(i) Recognition and Initial Measurement**

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the Company becomes a party to the contractual provisions of the instrument.

Trade date accounting is adopted for financial assets that are delivered within timeframes established by marketplace convention.

Financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets or liabilities are added to or deducted from the fair value of the financial assets or liabilities, as appropriate, on initial recognition.

**(ii) Classification and Subsequent Measurement**

**a. Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are measured at amortised cost using the effective interest rate method, less any impairment. Interest expense is recognised by applying the effective interest rate, except for short term receivables when the effect of discounting is immaterial.

**b. Available-for-sale financial assets**

Available-for-sale financial assets are non-derivative financial assets that are either designated as such or that are not classified in any of the other categories. They comprise investments in the equity of other listed entities where there is neither a fixed maturity nor fixed or determinable payments.

Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the financial assets reserve.

Where the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the financial assets reserve is reclassified to profit or loss.

**c. Financial liabilities**

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash outflows through the expected useful life of the debt instrument to the net carrying amount on initial recognition.

**(iii) Impairment**

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

For available-for-sale equity instruments, including listed shares, objective evidence of impairment includes information about significant changes with an adverse effect that have taken place in the technological, market, economic or legal environment in which the issuer operates, and indicates that the cost of the investment in the equity instrument may not be recovered. A significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of impairment for shares classified as available-for-sale.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

When an available-for-sale financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss in the year.

In respect of available-for-sale equity securities, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income and accumulated under the heading of Financial Assets Reserve.

**(iv) Derecognition**

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed is recognised in profit or loss.

**(f) Employee benefits**

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to reporting date. Employee benefits expected to be settled within one year including entitlements arising from wages and salaries and annual leave, have been measured at the amounts expected to be paid when the liability is settled plus related on-costs.

Other employee benefits expected to be wholly settled later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. Contributions are made by the Company to employee superannuation funds and are charged as expenses when incurred.

**(g) Revenue recognition**

*Interest Revenue*

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

**(h) Income Tax**

The charge for current income tax expense is based on the result for the year adjusted for any non-assessable or disallowed items. It is calculated using the tax rates that have been enacted or are substantially enacted by the reporting date.

Deferred income tax is calculated on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences, except where the deferred income tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit or loss, nor taxable profit or loss.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax assets and unused tax losses can be utilised, except where the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit or loss nor taxable profit or loss.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse changes occur in income taxation legislation and the anticipation that the Company will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Income taxes relating to items recognised directly in equity are recognised directly in equity and not in the income statement.

**(i) Other Taxes – Goods and Services (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense as applicable.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities that are recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

**(j) Issued Capital**

Issued and paid up capital is recognised at the fair value of the consideration received by the Company. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

**(k) Earnings Per Share**

Basic EPS is calculated as net profit/(loss) attributable to members, adjusted to exclude costs of servicing equity (other than dividends), divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted earnings per share is determined when the Company has on issue potential ordinary shares which are dilutive. It is calculated by dividing net profit attributable to members, adjusted to exclude costs of servicing equity (other than dividends) and any expenses associated with dividends and interest of dilutive potential ordinary shares, by the weighted average number of ordinary shares (both issued and potentially dilutive) adjusted for any bonus element.

**(I) Critical Accounting Estimates and Judgments**

The Directors evaluate estimates and judgments incorporated into the Financial Statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

**(i) Exploration and Evaluation Expenditure**

Exploration and evaluation expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are carried forward in respect of an area that has not at reporting date, reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active and significant operations in, or relating to, the area of interest are continuing. Refer to Note 8 for impairment losses incurred during the year.

The recoverability of these assets depends on the Company's ability to realise their values either through future development or sale.

**(ii) Environmental Issues**

Balances disclosed in the financial statements and notes thereto are not adjusted for any pending or enacted environmental legislation, and the Directors understanding thereof. At the current stage of the Company's development and its current environmental impact, the Directors believe such treatment is reasonable and appropriate.

	<b>2018</b>	<b>2017</b>

	<b>Number of shares</b>	<b>Number of shares</b>
Weighted average number of ordinary shares outstanding during the year used in the calculation of basic and diluted earnings per share	181,000,233	181,000,233
<b>4. INCOME TAX</b>	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
The prima facie tax expense/(benefit) on loss before tax is reconciled to the income tax as follows:		
Prima facie tax benefit on loss before tax at 30% (2017: 30%)	(772,346)	(933,930)
Add:		
Tax effect of:		
- non-allowable items	1,681	600,660
- net current year tax losses not recognised, temporary differences and deductible exploration expenditure.	772,346	341,248
	<u>1,681</u>	<u>7,978</u>
Less:		
Tax effect of:		
- capitalised legal fees	(1,681)	(7,978)
Income tax benefit/(expense) attributable to loss	<u>-</u>	<u>-</u>
Deferred tax assets arising from tax losses that have not been recognised:		
Tax losses carried forward	(28,085,608)	(26,944,256)
Temporary differences – exploration costs	(1,250,120)	(1,175,818)
Temporary differences – other	48,454	34,466
Net Deferred tax asset not recognised	<u>(29,287,274)</u>	<u>(28,085,608)</u>
Balance of franking account at year end	<u>-</u>	<u>-</u>

Potential deferred tax assets attributable to tax losses carried forward and temporary differences have not been brought to account because Directors do not believe realisation of the deferred tax assets is probable. These benefits will only be obtained if:

- the company derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deduction for the loss to be realised;
- the company continue to comply with the conditions for deductibility imposed by law, and
- no changes in tax legislation adversely affect the company in realising the benefit from the deductibility for the loss.

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
<b>Current</b>		
Provision for employee entitlements	129,947	90,163

**12. Borrowings**

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
Borrowings	<u>5,209,661</u>	<u>4,350,175</u>

In the 2016 year the major shareholder of the Company, Xingang Resources (HK) Ltd, extended a loan facility of \$4 million to enable the Company to participate in a placement of shares by MZI Resources Ltd. The borrowings have been drawn as a source of long-term finance. The fair value of the loan at draw down was \$2,904,723 with the difference of \$1,095,277 recognised as a contribution by the parent. During the period, this loan has been extended to 31 December 2021. The extension has been accounted for as an extinguishment of the old loan with the extension being treated as a new loan with principal of \$4,785,760. This resulted in an additional contribution by the parent of \$420,205. The loan is unsecured and presented as a non-current liability with an effective interest rate of 10% per annum. At 30 June 2018, the carrying value of the liability is \$3,370,225 (2017: \$3,441,443), and the balance recognised as contribution by the parent is \$1,515,482 (2017: \$1,095,277).

The Company also has borrowings of \$1 million from Rich Mark Development (Group) Pty Ltd which has shareholdings representing 15.590% of the Company. During the period, this loan has been extended to 31 August 2020. The extension has been accounted for as an extinguishment of the old loan with the extension being treated as a new loan with a principal of \$1,105,962. This resulted in an additional shareholder contribution of \$85,233. The loan is unsecured and subject to interest at 4% per annum which accrues six monthly and is payable along with the principal at maturity. At 30 June 2018, the carrying value of the liability is \$930,704 (2017: \$908,732), and the balance recognised as shareholder contribution is \$227,939 (2017: \$142,705).

During the year, the Company borrowed a further \$1 million from Rich Mark Development (Group) Pty Ltd. The loan is unsecured and subject to interest at 4% per annum which accrues six monthly and is payable along with the principal at maturity on 19 August 2019. The liability is presented as a non-current liability with an effective interest rate of 10%. The fair value of the loan at draw down was \$857,295 with the difference of \$142,705 recognised as a shareholder contribution. As at 30 June 2018, the carrying value of the liability is \$908,732 (June 2017: Nil), and the balance recognised as shareholder contribution is \$142,705 (2017: Nil). Subsequent to year end, the repayment date on this loan has been extended to 19 August 2021.

**13. ISSUED CAPITAL**

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
181,000,233 fully paid ordinary shares (2017: 181,000,233 shares)	29,058,955	29,058,955
	<b>Number of Shares</b>	<b>Number of Shares</b>
	<b>2018</b>	<b>2017</b>
<b>(a) Movements in Ordinary Shares</b>		
<b>Summary of Movements:</b>		
At the beginning of the year	181,000,233	181,000,233
At the end of the year	181,000,233	181,000,233

The company has no authorised capital and its ordinary shares have no par value.

**(b) Options**

There are no options on issue (2017: nil).

There were no options exercised during the financial year (2017: nil).

**(c) Terms and Conditions of Issued Capital**

Ordinary shares have the right to receive dividends as declared and, in the event of winding up the Company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid up on shares held.

At the shareholders' meeting each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

**(d) Capital Risk Management**

The Company's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they may continue to provide returns for shareholders and benefits for other stakeholders.

Due to the nature of the Company's activities, being mineral exploration, the Company does not have ready access to credit facilities, with the primary source of funding being equity raisings. Therefore, the focus of the Company's capital risk management is the current working capital position against the requirements of the Company to meet exploration programs and corporate overheads. The Company's strategy is to ensure appropriate liquidity is maintained to meet anticipated operating requirements, with a view to initiating appropriate capital raisings as required. The working capital position of the Company at 30 June 2018 is as follows:

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
Cash and cash equivalents	354,778	354,074
Trade and other receivables	7,683	7,049
Trade and other payables and provisions	(249,660)	(184,018)
Working capital position	112,801	177,105

**14. FINANCIAL ASSETS RESERVES**

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
Opening balance	-	(1,500,000)
Revaluation in year	-	(500,000)
Impairment transfer to profit or loss	-	2,000,000
Closing Balance	-	-

The financial assets reserve represents the cumulative gains and losses arising on the revaluation of available-for-sale financial assets that have been recognised in other comprehensive income, net of amounts reclassified to profit or loss when those assets have been disposed of or are determined to be impaired.

**15. COMMITMENTS AND CONTINGENT LIABILITIES**

**Tenement Expenditure Commitments:**

The Company is required to maintain current rights of tenure to tenements, which require outlays of expenditure in 2017/2018. Under certain circumstances these commitments are subject to the possibility of adjustment to the amount and/or timing of such obligations, however, they are expected to be fulfilled in the normal course of operations.

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
The Company also has tenement rental and expenditure commitments of:		
Payable:		
– not later than 12 months	367,348	426,020
– between 12 months and 5 years	640,049	568,842
– greater than 5 years	1,061,756	1,143,453
	<u>2,069,153</u>	<u>2,138,315</u>

**Other Commitments:**

**Operating Lease Commitments:**

The Company currently has an operating lease in place upon its West Perth office and three of its car bays. The operating lease agreement runs for three years and ends 31 December 2019. Commitments are detailed below.

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
Payable:		
– not later than 12 months	22,560	22,560
– between 12 months and 5 years	33,840	33,840
	<u>56,400</u>	<u>56,400</u>

**Contingencies:**

It is possible that native title, as defined in the *Native Title Act 1993*, might exist over land in which the Company has an interest. It is not possible at this stage to quantify the impact (if any) that the existence of native title may have on the operations of the Company. The Directors are aware that applications for native title claims have been accepted by the Native Title Tribunal over tenements held by the Company.

**16. CASH FLOW INFORMATION**

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
<b>(a) Reconciliation of loss after tax to the net cash flows used in operating activities</b>		
Loss after income tax	(2,574,485)	(3,113,099)

Total	<u>4,350,175</u>	<u>1,000,000</u>	<u>(140,514)</u>	<u>5,209,661</u>

**(c) Non-Cash Investing Activities**

There were no non-cash investing activities during the financial year.

**17. KEY MANAGEMENT PERSONNEL COMPENSATION**

**(a) Details of Directors and Key Management Personnel**

**(i) Directors**

The following persons were Directors of Accent Resources NL during the financial year:

Yuzi (Albert) Zhou – Executive Chairman  
 Dian Zhou He – Non Executive Director and Deputy Chairman  
 Jun Sheng (Jerry) Liang – Non Executive Director  
 Jie You (alternate Director to Jun Sheng Liang)

**(ii) Other Key Management Personnel**

Robert Allen – Company Secretary

**(b) Key Management Personnel Compensation**

Refer to the Remuneration Report contained in the Directors' Report for details of the remuneration paid or payable to each member of the Company's Key Management Personnel for the year ended 30 June 2018. The totals of remuneration paid to key management personnel of the company during the year are as follows:

	<b>2018</b>	<b>2017</b>
	<b>\$</b>	<b>\$</b>
Short-term employee benefits	275,877	275,877
Post-employment benefits	19,083	19,083
	<u>294,960</u>	<u>294,960</u>

**(c) Equity Instrument Disclosures Relating to Key Management Personnel**

- (i) Options provided as remuneration and shares issued on any exercise of such options

No share options were granted to Key Management Personnel as remuneration during the financial year (2017: nil).

- (ii) Option holdings

There are no options on issue.

- (iii) Share holdings

The number of ordinary shares in the Company held during the financial year by each Director and any other key management personnel of the Company, including related parties, are set out in the Remuneration Report contained in the Directors Report.

**(d) Other Transactions with Key Management Personnel**

There were no other transactions with Key Management Personnel during the financial year.

**18. RELATED PARTY TRANSACTIONS**

**(a) Loans from Related Parties**

The Company funded its participation in the MZI placement in 2016 by way of a \$4 million loan facility extended by the Company's major shareholder Xingang Resources (HK) Ltd. As per Note 12, the loan is interest free, unsecured, and maturity has been extended to 31 December 2021. This loan incurred interest of \$349,038 during the reporting period (2017: \$327,458).

The Company has also borrowed \$1 million from Rich Mark Development (Group) Pty Ltd which has shareholdings representing 15.590% of the Company. The loan is unsecured and subject to interest at 4% which accrues six monthly and is payable along with the principal at maturity. The loan matures on 31 August 2020. This loan incurred interest of \$108,047 during the reporting period (2017: \$86,243).

During the year the Company has also borrowed a further \$1 million from Rich Mark Development (Group) Pty Ltd which has shareholdings representing 15.590% of the Company. The loan is unsecured and subject to interest at 4% which accrues six monthly and is payable along with the principal at maturity. The loan matures on 19 August 2019 and subsequent to year end has been extended to 19 August 2021. This loan incurred interest of \$90,725 during the reporting period (2017: \$0).

**(b) Transactions with Related Parties**

The Company also pays rent of \$500 (2017: \$500) and \$200 (2017: \$200) in outgoings per month for the lease of the Melbourne office from Rich Mark Development (Group) Pty Ltd which has shareholdings representing 15.590% of the Company.

Disclosures relating to Key Management Personnel are set out in Note 17 and the Remuneration Report in the Directors Report in compliance with Australian Accounting Standards AASB 124: *Related Party Disclosures*, the *Corporations Act 2001* and the *Corporations Regulations 2001*.

There are no other related party transactions.

**19. AUDITOR'S REMUNERATION**

	2018 \$	2017 \$
Remuneration of the auditor of the Company for:		
- auditing and reviewing the financial statements	26,900	25,500

The auditor of Accent Resources NL is Deloitte Touche Tohmatsu (2017: Deloitte Touche Tohmatsu).

## 20. SEGMENT REPORTING

### Identification of Reportable Segments

The Company identifies its operating segments based on internal reports that are reviewed and used by the Board of Directors (chief operating decision maker) in assessing performance and determining the allocation of resources.

The Company operates in mineral exploration in Australia. The financial information in the Statement of Profit or Loss and Other Comprehensive Income and the Statement of Financial Position is the same as that presented to the chief operating decision maker.

## 21. FINANCIAL RISK MANAGEMENT

### (a) Financial Risk Management

The Company's financial instruments consist mainly of deposits with banks, accounts receivable and payable and loans from related parties.

The main purpose of non-derivative financial instruments is to raise finance for the Company's operations.

Derivatives are not currently used by the Company for hedging purposes. The Company does not speculate in the trading of derivative instruments.

#### (i) Treasury Risk Management

The Board of the Company meets on a regular basis to analyse interest rate exposure and to evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

#### (ii) Financial Risks

The main risks the Company is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

##### *Interest Rate Risk*

The Company does not have any debt that may be affected by interest rate risk as the loan from the parent entity is interest free and loans from other shareholders are at a fixed interest rate. The Company seeks to utilise fixed interest rate products to assist in managing its deposit funds and is subject to interest rate risk as detailed below in *sensitivity analysis*.

##### *Sensitivity Analysis*

At 30 June 2018, if interest rates had changed by +/- 100 basis points from the weighted average rate for the year with all other variables held constant, post-tax loss for Company would have been \$4,106 lower/higher (2017: \$3,363 lower/higher) as a result of lower/higher interest income from cash and cash equivalents.

##### *Liquidity Risk*

Liquidity risk arises from the possibility that the Company may encounter difficulty in settling its debts or otherwise meeting its financial obligations related to financial liabilities. The Company manages liquidity risk by monitoring forecast cash flows.

*Financial Liability and Financial Asset Maturity Analysis:*

	Within 1 Year		1 to 5 Years		No Maturity Date		Total	
	2018 \$	2017 \$	2018 \$	2017 \$	2018 \$	2017 \$	2018 \$	2017 \$
<b>Financial liabilities due for payment</b>								
Trade and other payables	(119,713)	(93,855)	-	-	-	-	(119,713)	(93,855)
Borrowings	-	-	(5,209,661)	(4,350,175)	-	-	(5,209,661)	(4,350,175)
Total Expected outflows	(119,713)	(93,855)	(5,209,661)	(4,350,175)	-	-	(5,329,374)	(4,444,030)
<b>Financial assets – cash flows realisable</b>								
Cash and cash equivalents	354,778	354,074	-	-	-	-	354,778	354,074
Trade and other receivables	7,683	7,049	-	-	-	-	7,683	7,049
Available for sale financial assets	-	-	-	-	760,000	2,000,000	760,000	2,000,000
Total Anticipated Inflows	362,461	361,123	-	-	760,000	2,000,000	1,122,461	2,361,123
Net inflow/(outflow) on financial instruments	242,748	267,268	(5,209,661)	(4,350,175)	760,000	2,000,000	(4,206,913)	(2,082,907)

There are no assets or liabilities that have a maturity date greater than five years.

*Credit Risk*

The maximum exposure to credit risk, excluding the value of any collateral or other security, at reporting date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the Statement of Financial Position and notes to the financial statements.

Credit risk on liquid funds is limited because counter parties are banks with high credit rating.

The Company does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the economic entity.

*Price Risk*

Price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices largely due to demand and supply factors for commodities.

The Company is exposed to equity price risk arising from the equity investment in MZI Resources Ltd. This equity investment is held for strategic rather than trading purposes. The Company does not actively trade this investment.

The sensitivity analyses below have been determined based on the exposure to equity price risks at the end of the reporting period. If equity prices had been 10% higher/lower:

Loss for the year ended 30 June 2018 would have been \$80,000 lower/higher (2017: \$200,000) as changes in fair value of equity investments classified as available-for-sale were impaired.

**(b) Fair Value Estimation**

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes. All financial assets and financial liabilities of the Company at the reporting date are recorded at amounts approximating their fair value.

The carrying value less impairment provision of trade receivables and payables approximate their fair values due to their short-term nature. Trade and sundry payables are all expected to be paid in less than six months.

**Net Fair Value of Financial Assets and Financial Liabilities**

The net fair value of the Company's financial assets and financial liabilities approximates their carrying value.

**(c) Interest Rate Risk**

The Company's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rate for each class of financial assets and financial liabilities comprises:

	Floating Interest Rate		Fixed Interest Rate				Non-Interest Bearing		Total		Weighted Effective Interest Rate	
			1 Year or Less		1 to 5 Years							
	2018 \$	2017 \$	2018 \$	2017 \$	2018 \$	2017 \$	2018 \$	2017 \$	2018 \$	2017 \$	2018 \$	2017 \$
Financial Assets												
Cash	354,778	104,074	-	250,000	-	-	-	-	354,778	354,074	5.17	3.07
Trade and other receivables	-	-	-	-	-	-	7,683	7,049	7,683	7,049	N/A	N/A
Available for sale financial assets	-	-	-	-	-	-	760,000	2,000,000	760,000	2,000,000	N/A	N/A
Total Financial Assets	354,778	104,074	-	250,000	-	-	767,683	2,007,049	1,122,461	2,361,123	-	-

Borrowings	-	-	-	-	5,209,661	4,350,175	-	-	5,209,661	4,350,175	10.0%	10.4%
Total Financial Liabilities	-	-	-	-	5,824,336	4,350,175	119,713	93,855	5,329,374	4,444,030	-	-

**22. FAIR VALUE MEASUREMENTS**

The Company measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- available-for-sale financial assets.

**(a) Fair Value Hierarchy**

The Company classifies fair value of financial instruments using the fair value hierarchy, in order to reflect the most significant input used in their valuation.

**Level 1:** Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

**Valuation techniques**

The Company selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured.

All investments in listed securities are valued by reference to quoted prices in an active market.

The following tables provide the fair values of the Company's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy:

2018	Note	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
<b>Recurring fair value measurements</b>					
<i>Financial assets</i>					
Available-for-sale financial assets					
- shares in listed companies	9	760,000	-	-	760,000
<b>Total financial assets recognised at fair value on a recurring basis</b>		760,000	-	-	760,000
<hr/>					
2017	Note	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
<b>Recurring fair value measurements</b>					
<i>Financial assets</i>					
Available-for-sale financial assets					
- shares in listed companies	9	2,000,000	-	-	2,000,000
<b>Total financial assets recognised at fair value on a recurring basis</b>		2,000,000	-	-	2,000,000
<hr/>					

**(b) Fair Value of Financial Assets and Liabilities Not Measured at Fair Value**

The Directors are of the opinion that the carrying value of the following financial instruments approximates the fair value of these instruments:

- trade and other receivables
- trade and other payables
- loans from related parties (refer note 18 for details).

**23. EVENTS AFTER THE BALANCE SHEET DATE**

Subsequent to the end of the financial year the Company signed an agreement with Rich Mark Development Group Pty Ltd to extend the term of the existing \$1 million unsecured loan from 19 August 2019 to 19 August 2021 with repayment due at maturity of the loan. The loan will continue to accrue interest six monthly at 4% pa.

Subsequent to the end of the financial year the Company signed an agreement with a Rich Mark Development Group Pty Ltd for a \$1.3 million loan available for drawdown in 2 tranches, first being \$1 million receivable on execution of the agreement. The second tranche is for \$300,000 and will become available at a time to be determined depending on the exploration results at the Meekatharra and Norseman gold projects. The loan is unsecured and subject to interest at 10% pa which accrues six monthly and is payable along with the principle at maturity. The loan matures on 31 July 2021.

No other matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

**24. ULTIMATE PARENT COMPANY**

The Ultimate Parent Company of Accent Resources NL is Xingang Resources (HK) Limited.

**25. COMPANY DETAILS**

The registered office of the Company is:  
9/250 Queen Street  
Melbourne VIC 3000

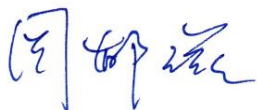

The principal place of business of the Company is:  
4/29 Ord Street  
WEST PERTH WA 6005

The Directors of the Company declare that:

1. the attached financial statements and notes are in accordance with the *Corporations Act 2001*, including:
  - a. complying with Australian Accounting Standards, which, as stated in accounting policy Note 1 to the financial statements, constitutes compliance with International Financial Report Standard (IFRS) and *Corporations Regulations 2001*, and
  - b. giving a true and fair view of the Company's financial position at 30 June 2018 and of its performance for the year ended on that date; and
2. the directors have been given the declarations required by s.295A of the *Corporations Act 2001* from the Chief Executive Officer and Chief Financial Officer.
3. In the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and

This declaration is made in accordance with a resolution of the Board of Directors made pursuant to section 295(5) of the *Corporations Act 2001*.

Yuzi Zhou  
Executive Chairman

Dated this 28th day of September 2018

The Board of Directors  
Accent Resources NL  
Level 9, 250 Queen Street  
MELBOURNE, VIC 3000

28 September 2018

Dear Board Members

**Accent Resources NL**

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of Accent Resources NL.

As lead audit partner for the audit of the financial statements of Accent Resources NL for the financial year ended 30 June 2018, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

DELOITTE TOUCHE TOHMATSU

# Independent Auditor's Report to the members of Accent Resources NL

## Report on the Audit of the Financial Report

### *Opinion*

We have audited the financial report of Accent Resources NL (the "Company") which comprises the statement of financial position as at 30 June 2018, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2018 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### *Basis for Opinion*

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How the scope of our audit responded to the Key Audit Matter
<p>Carrying value of Exploration and Evaluation Assets</p> <p>As at June 2018 the Company has \$4,167,067 of capitalised exploration and evaluation expenditure as disclosed in Note 8.</p> <p>Judgement is applied in determining the treatment of exploration expenditure in particular:</p> <ul style="list-style-type: none"> <li>• whether the conditions for capitalisation are satisfied;</li> <li>• which elements of exploration and evaluation expenditures qualify for recognition; and</li> <li>• whether facts and circumstances indicate that the exploration and expenditure assets should be tested for impairment.</li> </ul>	<p>Our procedures included, but were not limited to:</p> <ul style="list-style-type: none"> <li>• Obtaining a schedule of the areas of interest held by the Company and assessing whether the rights to tenure of those areas of interest remained current at balance date;</li> <li>• Holding discussions with management as to the status of ongoing exploration programmes in the respective areas of interest;</li> <li>• Assessing whether any such areas of interest had reached a stage where a reasonable assessment of economically recoverable reserves existed;</li> <li>• Testing, on a sample basis, evaluation expenditure capitalised during the year for compliance with the applicable accounting standards; and</li> <li>• Assessing whether any facts or circumstances existed to suggest impairment testing was required.</li> </ul> <p>We also assessed the appropriateness of the disclosures in Note 8 to the financial statements.</p>
<p>Availability of Funding</p> <p>The Company incurred a net loss of \$2,574,485 and experienced net cash outflows from operating and investing activities of \$999,296 for the year ended 30 June 2018.</p> <p>The Company is dependent upon its ability to generate sufficient cash inflows from financing activities to meet its cash outflows including corporate costs and exploration expenditure as and when they fall due.</p>	<p>Our procedures in relation to going concern included, but were not limited to:</p> <ul style="list-style-type: none"> <li>• Inquiring of management and the directors in relation to events and conditions that may impact the assessment of the Company's ability to continue as a going concern;</li> <li>• Confirming receipt of the \$1,000,000 loan funds received subsequent to year end;</li> <li>• Obtaining support for the extension of the repayment date of the relevant loan outstanding, and</li> <li>• Challenging the assumptions contained in management's cash flow forecast in relation to the Company's ability to continue as a going concern.</li> </ul> <p>We also assessed the appropriateness of the disclosures in Note 1(ii) to the financial statements.</p>

## *Other Information*

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2018, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## *Responsibilities of the Directors for the Financial Report*

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## *Auditor's Responsibilities for the Audit of the Financial Report*

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on the Remuneration Report

### *Opinion on the Remuneration Report*

We have audited the Remuneration Report included in pages 14 to 17 of the Director's Report for the year ended 30 June 2018.

In our opinion, the Remuneration Report of the Company, for the year ended 30 June 2018, complies with section 300A of the *Corporations Act 2001*.

### *Responsibilities*

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

The Mineral Resource estimate for the Magnetite Range and Norseman Gold Projects was prepared and first disclosed under the JORC Code 2004. They have not been updated since to comply with the JORC Code 2012 on the basis that the information has not materially changed since it was last reported.

## **MINERAL RESOURCE AND ORE RESERVE CORPORATE GOVERNANCE**

Due to the nature, stage and size of the Company's existing projects, ACS believe there would be no efficiencies gained by establishing a separate committee responsible for reviewing and monitoring the Company's processes for calculating Mineral Resources and Ore Reserves and for ensuring that the appropriate internal controls are applied to such calculations.

However, the Company ensures that data collected and utilised, and all Mineral Resource or Ore Reserve Estimations, are supervised and prepared by Competent Persons in accordance with JORC Code.

The Company will report any future Mineral Resource and Ore Reserves updates in accordance with the 2012 JORC Code.

## **COMPETENT PERSONS STATEMENTS**

For the Year Ended 30 June 2018

### **Competent Persons Statement – Magnetite Range Project**

The information that relates to Mineral Resources at the Magnetite Range Iron (magnetite) Ore Project is based on a resource estimate that was prepared by Mr Stephen Hyland of Ravensgate Mineral Industry Consultants. Mr Hyland is a Fellow of the Australasian Institute of Mining and Metallurgy. The preparation was supervised by Mr G Rodney Dale FRMIT of PROMET Engineers Pty Ltd. Mr Dale is a Fellow of the Australasian Institute of Mining and Metallurgy. Mr Hyland takes overall responsibility for the Resource Estimate; Mr Dale takes responsibility for the geological model. Mr Hyland and Mr Dale have sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity they are undertaking to qualify as Competent Persons as defined in the 2004 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Hyland and Mr Dale consent to the inclusion in this report of the matters based on their information (and the public reporting of these statements) in the form and context that the information appears.

### **Competent Persons Statement – Norseman Project**

The information that relates to Mineral Resources at the Norseman Gold Project is based on a resource estimate that was prepared by Mr Stephen Hyland of Ravensgate Mining Industry Consultants. Mr Hyland is a Fellow of the Australian Institute of Mining and Metallurgy. Mr Hyland has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2004 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Hyland consents to the inclusion in this report of the matters based on his information (and the public reporting of these statements) in the form and context that the information appears.

### **Competent Persons Statement – Annual Mineral Reserves and Resources Statement**

The Mineral Resources and Ore Reserves statement in this Annual Report is based on, and fairly represents, information and supporting documentation prepared by a competent person or persons. The Mineral Resources and Ore Reserves statement as a whole has been approved by Ms G Morton, who is a full-time employee of the Company and a Member of the Australian Institute of Geoscientists. Ms Morton consents to the inclusion of the Mineral Resources and Ore Reserves statement in the form and context in which it appears in this Annual Report.

For Year Ended 30 June 2018

**WESTERN AUSTRALIA**
